

## Do you want to be part of our fantastic journey?

Nepa is a unique and fast growing insights company where new career opportunities arise every day, worldwide. We are looking for a Junior Project Manager to our Finnish office.

## We need a Project Manager with high ambitions

As our new Junior Project Manager you will take part in various client projects for both Finnish and international clients. You will handle requests and offers, coordinating client deliveries and be responsible for the client profitability. Presenting results for clients, often supported by a dedicated analyst, will also be important parts of your work. You will collaborate on a daily basis with Nordic and international colleagues from all of our areas of expertise; IT, Consulting and Research.

## Your anatomy as a Project Manager

We are looking for someone who is newly graduated with a degree within business, economics, engineering and/or market research or have 1-2 years' experience from the market research field. To succeed in the role as a Junior Project Manager you need to have a genuine business mindset, be structured, analytical, solution oriented, take initiatives and be a good communicator. You have a genuine interest in solving our clients' challenges together with the client teams and are not afraid to work hard to achieve goals. You will be expected to define and solve problems that you haven't encountered before and implement solutions in a client context on a daily basis.

## A few more things

- You are fluent in Finnish and English, both in writing and speech.
- Advanced knowledge of MS Office tools, especially Excel is an advantage
- You share our core values (Passion, Innovation and Cooperation).
- You take pride in delivering high level of services. We are known for that.

Nepa help companies to accelerate their business performance by becoming customer centric at their fingertips. We help you bridge the gap between insight and action to facilitate a customer centric decision making. By merging behavioural data with customer feedback data, our clients turn the voice and the footprints of the consumer into financial KPI:s and provide it to the right stakeholder in real-time

Headquartered in Stockholm, Sweden with local presence in Denmark, Finland, UK, US, India, Norway, Singapore, and China.
