

## A data Analyst with passion for project management

We are looking for a solution oriented Analyst with a strong drive to work hands-on with data and being a crucial part in coordinating client projects with your senior colleagues. Do you want to be part of our fantastic journey?

### Your role as our Analyst

This is a very broad role where you will co-ordinate project resources, have a close client relationship and ensure high quality deliveries. As our Analyst, you will also apply and develop your analytical skills by supporting in data processing and craft concrete recommendations to our clients, using data collected from different sources. You will juggle several projects at the same time together with colleagues from all Nepas areas of expertise; IT, Consulting and Research.

### Your profile as our Analyst

We are looking for a team player who is structured and self-motivated with a creative approach to solve problems. You have a genuine interest in solving our clients' challenges together with the client teams and are not afraid to work hard to achieve goals. We are looking for someone who thrives in a fast paced environment with a genuine interest of working hands-on with data and is eager to develop within project management. Ideally, you have 1-2 years of experience of research from e.g. a research company, consulting firm or an insight department.

### A few more things

- You have a degree within business, economics, engineering or equivalent.
- You are fluent in Swedish and English, both in writing and speech.
- You share our core values; Passion, Innovation and Cooperation.
- You take pride in delivering high level of services, we are known for that.
