

Join Nepa's fast moving and expanding IT department!

Nepa is growing faster than any other technology focused research company and new career opportunities arise every day, worldwide. We are looking for an innovative and cooperative IT technician that can help us take our IT department in Sweden to the next level. You will join our office in Stockholm.

You will help us grow the IT team in Sweden

Today the team is a passionate and dedicated group of 3 people, ensuring that IT, the functional hub of Nepa, runs smoothly every day. You will join us in improving and expanding our IT infrastructure, our helpdesk services and the IT department as a whole. We work with solutions based on Windows, Linux, SQL and Azure and we are also responsible for all Networking solutions.

Nepa is expanding rapidly across the globe and our IT needs to grow equally fast. Exploring new technologies will be part of your mission.

Your anatomy as a teammate

We are looking for a powerful synergy between solid technical knowledge, passion and service mindedness. You enjoy helping others, no matter where in the world we are and you are a true team player.

A few more things

- You have hands-on experience (+3 years) with the technologies mentioned above
- Formal education in the IT-field is preferred but not required
- You are social and service minded
- You are fluent in English, both in writing and in speech
- Ideally you are also fluent in Swedish both in writing and in speech
- You share our core values (Passion, Innovation and Cooperation)
- You work hard to achieve goals while being humble and unpretentious

Nepa is a company at the crossroads of Research, Consulting and Technology. We use technology and industry expertise to develop innovative and efficient research solutions that go beyond insights and enable action. By combining survey data, behavioral data and business data, we help our clients become truly customer centric by tying what consumers say to what they actually do.

Headquartered in Stockholm, we have ongoing assignments in over 50 countries across five continents. We are 200+ employees with local presence in Sweden, Denmark, Finland, UK, India, Norway, Singapore, and China.
