

## Come and grow our team and business!

We are looking for a solution oriented Senior Project Manager who is driven to work with some of Nepas largest clients. Do you want to be part of our fantastic journey?

### Your role as our Senior Project Manager

As a Senior Project Manager, you will lead several client accounts and work together with a team of colleagues from all Nepas areas of expertise; IT, Consulting and Research. You will, together with your client teams, use and develop your business understanding and analytical thinking to deliver sharp insights that makes a real impact on our clients' business. Your main responsibilities are to nurture and grow client relationships, keeping close communication with multiple stakeholders in the everyday business and finding opportunities to expand and create more sales.

### Your profile as our Senior Project Manager

We are looking for a team player who is highly competent, pragmatic and structured. You thrive in a fast paced environment and take pride delivering within deadline at high quality. You share our mutual interest in combining business understanding with data crunching and have 5-10 years of experience of research from e.g. a research company, consulting firm or an insight department. We are looking for someone to manage project teams, drive sales for current accounts as well as being very structured, responsible and hands-on in the daily work.

### A few more things

- You have a degree within business, economics, engineering or equivalent.
- You are fluent in Swedish and English, both in writing and speech.
- You share our core values; Passion, Innovation and Cooperation.
- You take pride in delivering high levels of service, we are known for that.

Nepa help companies to accelerate their business performance by becoming customer centric at their fingertips. We help you bridge the gap between insight and action to facilitate a customer centric decision making. By merging behavioral data with customer feedback data, our clients turn the voice and the footprints of the consumer into financial KPI: s and provide it to the right stakeholder in real-time.

Headquartered in Stockholm, Sweden with local presence in Denmark, Finland, UK, US, India, Norway, Singapore, and China
