

A Data analyst who can help us power an insight revolution

Nepa UK is growing like mad. We are now looking for a clever individual to join our team, to be instrumental in guiding market-led research & commercial analyses on a key account in London.

You will be our Senior Data Analyst in the UK, London office

The account team you will join is a brilliant and dedicated group of people who achieve great things every day. You will lead analyses and understand & direct, craft & drive commercially focussed and client 'actionable' recommendations from data. You will hold an umbrella view of all generated insight, in order to spot cross-market themes and business cases and advise your team/colleagues about best practice analysis methods and design.

Your main focus is to ensure that our offer and final delivery is aligned with our clients' stated business challenges. You will have the possibility to work with both national and international clients.

Your anatomy as a senior analyst

You will have 5+ years of experience in a highly analytical, self-motivated role and be a good client presenter in multiple settings. Your excellent maths skills will complement your creative ability to make data interesting for people who aren't always experts. An acute approach to problem solving and an attention to detail round off your skill set.

A few more things

- At least a degree within maths, and or business/economics equivalents
- Advanced Excel and Power Point skills absolutely necessary
- Experience from other platforms (e.g. SPSS/SQL) useful
- Aptitude/ambition to develop more advanced analytics & data science capabilities
- You take pride in delivering a high level of service, we are known for that
- You work hard to achieve goals while being humble, unpretentious and team-oriented

Nepa help companies to accelerate their business performance by becoming customer centric at their fingertips. We help you bridge the gap between insight and action to facilitate a customer centric decision making. By merging behavioural data with customer feedback data, our clients turn the voice and the footprints of the consumer into financial KPI:s and provide it to the right stakeholder in real-time.

Nepa is headquartered in Stockholm, Sweden with local presence in Denmark, Finland, UK, US, India, Norway, Singapore (rep), and China (rep).
